GV-NVR-02

Geovision

2ch Multibrand IP NVR Software NVR, record video and audio through TCP/IP network. It has 2 IP channels, MJPEG compression, MPEG4, H264. CIF resolution up to 5 Megapixel. Windows Operating System. with the same surveillance system features as the GeoVision series, from monitoring features to video analytics, as well as the ability to integrate with LPR, POS/ATM and access control systems. It is determined as one of the most powerful IP surveillance systems on the market. Compatible with most IP cameras on the market, the advantage of the GV-NVR is much more noticeable thanks to the progressive scan technology of the IP camera that gives sharper images. GV-NVR also has video functions such as Picture in Picture and Picture and Picture.
