

VALKYRIE VOX C

CONVENTIONAL VOICE SOUNDER

The VALKYRIE VOX C is a wall mounted conventional voice sounder which is available in either red or white housings. The VALKYRIE VOX C is based on our successful Horn type sounder and sounder/ beacon.

The VALKYRIE VOX C, can broadcast up to 2 differentiated pre-loaded messages: Fire and Alert. The desired messages can be downloaded from our own proprietary recording PC application, via a standard USB interface.

KEY FEATURES

- Multi-Message
- Multi-Language
- 106 dBA maximum sounder output at 1 m
- Messages easily programmed via USB interface using dedicated software (VOX LOADER)
- Synchronization for fast activation
- Compatible with most conventional fire panels
